

Papelera del Nervión, a PEFC certified Company

NERPEL® commitment to PEFC certification

Papelera del Nervión has always been committed to Sustainability in terms of Environmental Commitment, without ignoring the premise of social compromise. That is why we align 100% with the values that this certification drives.

Our clients and collaborators know the commitment that we made many years ago for papers with PEFC Certification. Thus, since 2009 all our virgin papers come from forests managed under this certification.

Now that we have also certified ourselves in the chain of custody that we make of these raw materials, we invite you (once again) to echo this commitment, promoting and advertising our PEFC products with us.

- PEFC NERPEL® Products
- What is and why PEFC: Opportunities for our customers and collaborators.

PEFC NERPEL® Products

The PEFC certified NERPEL® product range covers all our virgin papers:

- At NERPEL® DECORATION, our PEFC certified virgin papers are:
 - o All the paper in the range of Rolls and pre-taped **Plus paper**.
 - o The complete Special Range:
 - **SuperPlus®**
 - **Hidrostop®**
 - And thus the Hidrostop® paper of our **Nerpel2Plus®** (twin pre-taped).
- In addition to all the NERPEL® BODYWORK papers: ULTIMATE MASK and SKY MASK.

All these products will carry from now on our label **NERPEL® Sustainability Commitment**

What is and why PEFC: Opportunities for our customers and collaborators.

PEFC is the **most established forest certification** system in the world and with the highest brand recognition.

The products with the PEFC brand and / or label provide customers and end consumers with the security of knowing that such material comes from sustainably managed forests. The PEFC certification also includes social and occupational health and safety requirements, including in conflict areas.

PEFC: Your assurance of responsible sourcing

Sets the standard for sustainable forest management

- ✓ **Globally recognized** Sustainability Benchmarks adapted to local conditions
- ✓ **Safeguard** biodiversity, ecosystems and help protect the climate
- ✓ **Support** forest-dependent livelihoods and local communities
- ✓ **Robust, pragmatic** and **cost-effective**

Writing the story of humans and nature

- ✓ **Created in 1999**, to enable small, family and community forest owners to demonstrate sustainable forest management
- ✓ **People-centric**, mindful of the specific needs of smallholders, workers and local communities
- ✓ **An alliance** of national forest certification systems

Enables responsible supply chain management

- ✓ **Independent & impartial**, strictly separating standard-setting, certification and accreditation processes
- ✓ **Transparency & traceability**, third party certification ensures that the certified wood contained in a product comes from sustainably managed forests

Recognized around the world

- ✓ **Acceptance** in public and private procurement policies
- ✓ **Global organizations and companies use PEFC** as a benchmark for sustainable forest management
- ✓ **Consumers trust and expect labels:**
 - 80% want companies to use them*
 - 1 in 5 know the PEFC label*

Offers global impact and availability

- ✓ **62%** of all certified forests worldwide are PEFC-certified**
- ✓ **Over 750,000 forest owners** covered by PEFC certification**
- ✓ **20,000 Chain of Custody** certified companies in **70 countries****
- ✓ **Tailored local customer service** through **53 national members****

Choose PEFC
Caring for our forests globally and locally

*PEFC/GfK Global Consumer Survey - Oct. 2014, **Nov. 2019

By choosing PEFC certified products, companies and consumers show our Commitment with SUSTAINABILITY:

- ✓ Companies build **consumer confidence**,
- ✓ **Leading** unstoppable change for Sustainability.
- ✓ **Ensuring** the transparent and safe traceability of raw materials throughout the value chain.
- And, among all of us**
- ✓ We help conserve and improve forest stands.
- ✓ We promote the maintenance of biodiversity and the conservation of resources such as water or soil.
- ✓ We help fight illegal logging and fires.
- ✓ We benefit people, generating fair employment and social welfare and the development of rural areas.
- ✓ We improve the competitiveness of forest products by providing them with environmental, social and economic guarantees.
